**ORDER**

1.0 One Shri Narayan Paramanik, S/o Late Khelaram Paramanik, Vill. Gusumba, P. O. Alampur, P. S. Katwa, Dist. Burdwan, West Bengal, Pin 713150 (hereinafter referred to as the "complainant") submitted an application dated 16.11.2015 to the West Bengal Electricity Regulatory Commission (hereinafter referred to as the "Commission") stating, inter alia, that the Ombudsman, West Bengal Electricity Regulatory Commission appointed under Section 42(6) of the Electricity Act, 2003 (hereinafter referred to as the "Act"), had in his settlement order dated 21.04.2014 issued directions to the West Bengal State Electricity Distribution Company Limited (in short “WBSEDCL”) for restoration of service line for STW within 48 hours, if disconnected, and for raising current and outstanding bills, if any, together with change of name of consumer and category of connection and the same was forwarded to them vide letter no OMBUD/W-1374 SB/2013/1653 dated 24.04.2014 of the Office of the Ombudsman.

The complainant submitted that the Order dated 21.04.2014 of the Ombudsman has not been complied with by WBSEDCL.

2.0 On perusal of the petition along with the documents submitted by the complainant, the Commission admitted the matter and decided to hear it. Accordingly, notices were served to both the complainant and WBSEDCL (the licensee) under no. WBERC/Comp/WBSEDCL/337/15-16/1331-1332 dated the 09th November, 2016 intimating that the hearing would take place on 17.11.2016 at 11.30 hours at the office of the Commission.

3.0 The Commission took up the hearing on 17.11.2016 as scheduled. Shri

D. Gupta, Chief Engineer, CRM Cell, WBSEDCL represented WBSEDCL in the hearing with due authorization. The complainant Shri Narayan Paramanik along with his representative Shri Parimal Paul, claiming to be a working businessman attended the hearing with due authorization.

4.0 The representative of WBSEDCL submitted that the measurement of actual capacity of STW was done twice in presence of the complainant and it was found that 7.12 HP motor was being used by the complainant. The complainant was asked to reduce the load, but he has failed to abide by the advice. It was also submitted that the pump being used by the complainant is of local make, and as such, fluctuations were inevitable. During inspection, voltage was found to be at 175/221/189 and current was 11.68/11.65/11.59. As far as generation of bill is concerned, WBSEDCL raised bill up to the reading taken in the name of Secretary of the Beneficiary committee c/o Narayan Paramanik.

5.0 The representative of the complainant submitted that the augmentation of the transformer has not been done as per directions ordered by the Ombudsman. As a result, the complainant has been using his pump by rotation along with other five beneficiaries causing adverse impact on the cultivation process to a considerable extent. The complainant submitted that he was agreeable to use better pump in order that the voltage problem is effectively addressed. The representative further submitted that the complainant has not received any bill in his name as has been claimed by WBSEDCL.

6.0 On hearing both the parties, the Commission observed that the directions given by the Ombudsman vide order dated 21.04.2014 has not been complied with by WBSEDCL, and therefore the following directions were given:

a) Measurement of actual capacity of STW has to be taken with Watt
